FOLLOW **the Quilt Trail**™ FOLLOW **the Quilt Trail**

Northeast Tennessee and the *Quilt Trail*

Slow down, enjoy the scenic countryside of our region and take a trip back in time. As you Follow the Quilt Trail, you will discover the artistry of the traditional quilt, on a backdrop of historic and beautiful barns. Take your time, pack a lunch or better yet stop at a local country store or diner to enjoy some local flavors. You will find a variety of historic sites, produce stands, shops, galleries and other places to entertain you along the way.

Designing the Quilt Trail

Have you wondered how we decide where to put these cultural works of art? Here's what we look for when selecting a site:

- Visibility*** – Can the site be seen from the road? Is there a safe place to park and view the Quilt Square? How close to the road is it?
- Appropriateness*** – Is it a true barn, rural setting or location that sells an agricultural or local product, with service or ties to cultural or historical sites?
- Proximity*** – Is it near other Quilt Squares or can it join one site to another? How does it compare to nearby barns?
- Current Use*** – Are the barn and surroundings appropriately maintained for its current use? Too much clutter or vegetation are drawbacks, especially if not being used for farming.
- Compatibility*** – Are the activities on the farm and community in harmony with the goals and theme of the Quilt Trail?

Plan your trip

Our regional partners can direct you to wide variety of lodging, dining and attractions to make your trip on the Quilt Trail enjoyable.
